

Dear Patients and Friends,

It is with great pleasure and excitement that I announce that our office has added the ChiroHCG Doctor Supervised Weight Loss Program to our office.

HCG stands for Human Chorionic Gonadotropin. It is a hormone that is naturally produced by the body and has been used for weight loss for over 60 years. Additionally, it has been the basis for one of the largest obesity treatment centers in Europe for over 40 years.

Until recently, HCG was only available by prescription and you had to give yourself daily injections. It was very expensive (\$1,500-\$3,000 per 40 day cycle) and obviously, not very convenient. Those days are over!

The ChiroHCG Weight Loss Program uses a homeopathic version of this hormone. It is taken sublingually (under the tongue) and when combined with a specific diet, is very effective for not only taking weight off fast, but actually keeping the weight off. The typical patient will lose 20-35 pounds in 42 days!

The doctor supervised ChiroHCG Weight Loss Program is safe for nearly all people including diabetics, people with high blood pressure, and post hysterectomy women. ChiroHCG has the strongest formula and is 100% made in America unlike most other inferior products found online or over the counter products.

Needless to say, we are very excited about this breakthrough and would love to tell you more about it. If you would like to experience rapid weight loss in a safe and effective manner, please contact the office to schedule your no charge, no obligation ChiroHCG consultation. I Lost 53 Pounds In 42 Days!

Wow, what can I say other than ChiroHCG is awesome!!!!!! I lost 53 pounds in 42 days and have not felt this good in over 15 years. The ChiroHCG Weight Loss Program is super easy to follow, which I needed since I am a manager of a local Cracker Barrel restaurant. When I first heard about this program, my first thought was I'll be starving. That is not the case. The drops worked exactly like the doctor said. I know it may be hard to believe, but I have not been hungry at all and my energy level is through the roof! If you've struggled with being overweight, let me give you some advice: "Start the ChiroHCG Weight Loss Program immediately"! You'll be glad you did. Roland N.

Wow, what can I say about Chiro HCG Weight Loss Centers program that could express how wonderful this product is and how grateful I am to Dr. Strotheide for his research and dedication in developing this program. After, the birth of my second child, the weight seemed to just cling on for dear life....there was nothing I could do that made a difference. I tried everything...there was not a diet around that could budge the excess weight that seemed to have a will of its own. Many of you are probable thinking, well less calories in and more calories out usually works...maybe you should try it. Well, I did...for almost a year I worked out three times a week in an extensive martial arts program and walked everyday for 30mins, combined with the famous "life style change" of making better food choices. I was expecting great results because I was doing what should have worked...I lost a grand total of 10 pounds after all that work...I was devastated and felt hopeless until I tried HCG. It was the first time in 9 years that could see and feel the weight come off without exercise...it was AMAZING. I would recommend the ChiroHCG Weight Loss Program to anyone who has struggled with weight loss. Thanks ChiroHCG Weight Loss Center!!!
